

**Biography: Patrick T. Murray, MD, FASN, FRCPI, FJFICMI
Full Professor of Clinical Pharmacology, UCD School of Medicine**

Patrick Murray is a Full Professor of Clinical Pharmacology in University College Dublin (UCD), and a consultant physician (clinical pharmacologist & nephrologist) at the Mater Misericordiae University Hospital (MMUH), Dublin, Ireland. He received his medical education at UCD. Following his internship at MMUH, he completed a residency in Internal Medicine at Hennepin County Medical Center in Minneapolis, USA. He completed fellowship training programmes in nephrology, critical care medicine, and clinical pharmacology at the University of Chicago Hospitals (UCH), USA. He practiced as an intensivist, nephrologist, and clinical pharmacologist at UCH from 1996–2008, serving as the fellowship training programme director in nephrology, also directing the Acute Dialysis Service. He has a longstanding interest in research and education to improve the prevention, diagnosis, and therapy of acute kidney injury and nephrotoxicity, and the pharmacotherapy of patients with kidney disease. He is a member of several international consensus groups that have produced guidelines for research and practice in the field of acute kidney injury (ADQI, AKIN, KDOQI).

Since 2008, he has been the inaugural Professor of Clinical Pharmacology at UCD, and a Consultant in Nephrology & Clinical Pharmacology at MMUH and at St. Vincent's University Hospital. He is Chair of the MMUH Drugs & Therapeutics Committee. He is the Clinical Director of the UCD Clinical Research Centre. In 2012, he was appointed Director of the Dublin Centre for Clinical Research (DCCR) Consortium Network, and also Clinical Director of the Irish Clinical Research Infrastructure Network (ICRIN). From December 2012 through June 2018, he served as the Dean and Head of the School of Medicine at UCD.
